

Key Instant Recall Facts

Year 1 – Autumn 2

I know number bonds for each number to 6.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

| 0 + 1 = 1 | 0 + 4 = 4 | 0 + 6 = 6 |
|-----------|-----------|-----------|
| 1 + 0 = 1 | 1 + 3 = 4 | 1 + 5 = 6 |
| | 2 + 2 = 4 | 2 + 4 = 6 |
| 0 + 2 = 2 | 3 + 1 = 4 | 3 + 3 = 6 |
| 1 + 1 = 2 | 4 + 0 = 4 | 4 + 2 = 6 |
| 2 + 0 = 2 | | 5 + 1 = 6 |
| | 0 + 5 = 5 | 6 + 0 = 6 |
| 0 + 3 = 3 | 1 + 4 = 5 | |
| 1+2 = 3 | 2 + 3 = 5 | |
| 2 + 1 = 3 | 3 + 2 = 5 | |
| 3 + 0 = 3 | 4 + 1 = 5 | |
| | 5 + 0 = 5 | |

| Key Vocabulary | | |
|--------------------------|--|--|
| What is 3 add 2? | | |
| What is 2 plus 2? | | |
| What is 5 take away 2? | | |
| What is 1 less than 4? | | |

They should be able to answer these questions in any order, including missing number questions e.g. $3 + \bigcirc = 5$ or $4 - \bigcirc = 2$.

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

<u>Use practical resources</u> – Your child has one potato on their plate and you give them three more. Can they predict how many they will have now?

<u>Make a poster</u> –your child could make a poster showing the different ways of representing a number e.g. 5

<u>Play games</u> – <u>https://www.ictgames.com/saveTheWhale/index.html</u>
