Message from Mr McCoy

Welcome back to all our families as we begin another exciting academic year at Bleak Hill Primary School. It has been wonderful to see everyone return to school looking exceptionally smart and ready for the challenges ahead. I would particularly like to extend a warm welcome to all our new Reception children who have joined us this term. They have made a brilliant start to their school life, settling in remarkably well and demonstrating the enthusiasm and curiosity that we value so highly at Bleak Hill. Their positive attitude and eagerness have been truly impressive to witness during these first few days.

We are also pleased to introduce several new members of staff who have joined our team this academic year. Mr Boulton has taken on the role of class teacher for 5B and has already begun establishing excellent relationships with the children. Mrs Bowes has joined us as a Learning Support Assistant in 1ME, bringing valuable experience and expertise to support our youngest learners. Additionally, Mrs Hodson has become part of our team in 2A and brings a wealth of experience. All three colleagues have integrated seamlessly into our school community and are making significant contributions to our educational provision.

I would like to remind all parents and carers about the importance of regularly checking our school website calendar and reading the School Bulletin and Newsletter. These resources contain information about all upcoming events, activities, and important dates throughout the academic year. Staying informed about these events will ensure that you and your children do not miss any valuable opportunities or essential school activities.

Please note that on Tuesday, 9th September, children will be having their individual school photographs taken. If Tuesday happens to be your child's designated PE day, please ensure they come to school wearing their standard school uniform rather than their PE kit. We will make appropriate adjustments to the PE lessons on this day to accommodate the photography schedule and ensure minimal disruption to the children's lessons.
